## REPORT OF THE MANAGING COMMITTEE.

A perusal of the minutes of the meetings of your Committee during the year 1896, shews that the year, as we anticipated, has been a quiet period of steady work, in which we have been building on the foundations so well laid by our able and eminent predecessors. The even tenour of our way is one of the characteristics of this Institution; and it is a satisfaction to know that in the expansion of our work, combined with the husbanding of our resources, there has grown up in this place a great storehouse for the blind folk of Yorkshire, corresponding to their demands, and sustaining them on the high level to which they have, with great credit, raised themselves.

Among the interesting events of the year has been the reception into our Scarborough Home of a young woman trained and certified as a masseuse, whose services have been found valuable and are now available in that healing art on very reasonable terms.

The Committee have received notice of a Legacy of £1,000 from the Executors of the will of the late W. F. Rawdon, Esq.; from Legacies in hand, as will be seen from the Treasurer's Account, they have invested £999 10s. 6d., and, since the close of the year, they have invested £250 on account of the "Ellis Benefaction."

A present of 28 volumes, in Braille type, has been made by Miss Alderson, of Tickhill. In this direction our thanks are due to Mrs. Bigge, and to Mrs. Wilberforce of Brodsworth, for books transcribed by them, and we may remind other friends that we need constant additions to our Library, and that printing in Braille type is an easy and pleasant occupation for those who will devote some of their leisure to this purpose. The blind do this for themselves, and they do also a large amount of type-writing and ordinary pencil writing, on the Guldberg system, which seeing folk can read with pleasure.

It will be remembered that on the recommendation of the Royal Commission, the blind under 16 have become partakers of the Education Grant; and the same Commission recommended that money should be provided from the public funds for the training of the blind up to 18 or 21 years of age. This is, of course, the critical period of a blind person's life, and we happily, through the funds received from private benevolence, are able to benefit largely the young blind of that age; but, in other localities, they are not so fortunate, and we therefore attended with a deputation on the Duke of Devonshire, as President of the Education Department, last December, with this object, and reminded their lordships that the recommendation on this point has not yet been adopted.

The following extraets recorded on our minutes we have pleasure in submitting for publication :—

The Hull Guardians write of a little blind girl, “ We all think “ she has got on splendidly, and is so well-behaved and nice in every “ way ;” the father of a blind boy writes, “ We were delighted with “ his appearance this last holiday, but it took us all our time to keep “ him going with amusement and work ;” Mr. Kennedy, the Inspector for the Local Government Board, writes, “ I visited the “ Blind Institution to-day, and was very pleased with all that I “ saw, as indeed I have always reason to be ;” H.M.’s Senior Chief Inspector, the Rev. T. W. Sharpe, reports, “ The Institution “ is liberally and economically conducted, and the children are very “ kindly treated and carefully taught.”

It is the pleasure and reward of your Committee to see that such reports are earned by others who live and work here, and this is largely due to the domestic spirit of the place, which holds together the same faithful workers year after year, which retains to us old pupils and old servants, which keeps green the memory of the faithful departed, and cherishes the example of blind workmen of fifty years good character among the elders, and, among the younger, those who write themselves B.A. Oxon., and B.A. Cantab. among the laurels they have won.

# THE REPORT OF THE SUPERINTENDENT TO THE MANAGING COMMITTEE.

GENTLEMEN,

During the year 1896 the number of pupils on the books and in attendance has been as follows :—

	Boys.	Girls.	Total.
Number on the Books, Jan. 1st, 1896,	42	+	26 = 68
Admitted during the year ... ..	11	+	8 = 19
	—	—	—
In attendance during the year... ..	53	+	34 = 87
Left during the year ... ..	8	+	5 = 13
	—	—	—
On the Books 21st Dec. 1896... ..	45	+	29 = 74

The health of the inmates has been, on the whole, uninterruptedly good, and their progress in educational and manual work has been steady and in most cases satisfactory.

It will be seen from the Treasurer's Account that our receipts for goods sold shew a steady increase, the amount of the increase will be best seen when a more lengthened period is taken for comparison. The total receipts in the year 1869 were £850 11s. 0d., while those for the past year have been £3629 10s. 2d. (including Scarborough). This also means the employment of a larger number of men, with a corresponding increase in the amount paid for wages. The sum of £276 was paid in 1869, whereas last year £961 was paid to blind persons employed in and about the School.

The Markham Fund (see page 32), by means of its own income, and a donation of £50 from the funds of the School, has been enabled to make 42 grants in sums varying from 10s. to £5 each, amounting on the whole to £81, to aid former pupils to maintain themselves, or to make a start in their endeavour to do so. These operations are in a field of work, which is most important for the good of the blind; and, in connection herewith, it is pleasant to acknowledge the help which the Gardner Trustees are always willing to give, whenever there is real need and some local effort is made to supply it, the supply of which tends to the ultimate independence of the blind. In such cases the Trustees are always ready and willing to do even more than their share.

The Munby Memorial Fund has expended in the promotion of the study of Music in the School the sum of £14 4s. 3d.

In the year 1873 the first European Congress for the good of the Blind was held in Vienna. To that Conference you sent me as your

representative. The members of the Congress had the opportunity of inspecting a new Blind Institution just then opened for the instruction of the Jewish Blind of Austria; and, now in the last report issued by that Institution it is pleasing to find the statement that "In the 23 years' operations of our Institution not a single pupil has profaned the hand, trained and fitted to work, by holding it out to beg, although the blind workman meets everywhere with want of confidence in his working abilities. It is a grievous fact to have to point out, that even benevolent people are more inclined to give considerable sums of money to the blind than to trust them with orders for work. Trade legislation and the consideration to avoid exhibitions make it difficult to overcome this prejudice against blind work. In this report, therefore, in which the claims of the blind to education and to work are set forth, we beg most earnestly all the friends of humanity everywhere and whenever opportunity offers, *to give employment to blind people.* We maintain that the blind workmen claims no indulgence of any sort, but that he is able to produce useful work of good value, and that it is an act of the noblest humanity to make level the path of those, who through night are striving towards mental and moral day."

Sentiments like these from Vienna come also from all quarters from the friends of the blind. It is satisfactory to know that as shewn by the figures quoted, with regard to our own receipts for goods, our friends are responding to the call, and purchasers from all parts of the country are sending for our goods. What is mainly wanted is that people shall see and inspect the goods made by the blind, and if they do, I am confident they will buy them.

The experiment of a shop at Whithy, just opened when our last Report was issued, has so far answered well, and before the issue of another Annual Report there is reason to hope another shop may be opened at Middlesbrough, and once opened in a good situation, no fear need be felt of its ultimate success.

With one exception your officers working here and at Scarborough are the same as twelve months ago, and it is pleasing to be able to say that all are, I believe, animated with a sincere desire to further the best interests of the Institution.

---

### SCARBOROUGH HOME.

The Scarborough Home is still answering its purpose well. One inmate, after a short stay of which she made good use, has returned to her friends, who find her usefulness in the household much increased; and another, admitted in her place, had previously been well trained in Massage. She holds certificates of proficiency, and would be glad to meet with any engagement.

The Sales in the Home have made a slight increase this year, which, as the shop becomes better known, it is hoped will be much larger. We owe thanks to the Bishop of Hull for receiving the inmates at his Bible Classes at the Vicarage and at the treats connected therewith; and also to the Rev. W. R. Raven-Hart for his continued Weekly Bible Readings; and to several friends for various presents.

I have the honour to be,

Gentlemen,

Your obedient Servant,

A. BUCKLE.

3.—Wages will be paid on Fridays. As a general rule, all the non-resident blind (hereinafter to be called outmates) shall be employed on piece work, and be paid accordingly, at the average market rate, in proportion to the amount and quality of the work done by each workman, of which an exact amount will be kept by the Superintendent, with the aid of the Trade Teachers. Should exceptional cases arise where fixed wages are necessary, the Managing Committee shall deal with such cases on their respective merits.

4.—Every outmate will be required to provide his own lodging, food, and clothes out of his wages, or other means of support.

5.—The work hours to be observed by the outmates shall be as follows :—

From 1st March to 31st October .. .....6-30 A.M. to 6 P.M.

From 1st November to the end of February..... 7 A.M. to 6 P.M.

For Breakfast ..... 8 to 9 A.M.

For Dinner ..... 1 to 2 P.M.

6.—Those who are not in the Workrooms at the time fixed for commencement of work, and after meals, shall be fined one penny, and twopence if such absence exceed a quarter of an hour.

7.—The only entrance to the premises will be by the door on the south side of the School, the key of which shall be kept by an authorized person, and all entrances and departures recorded.

8.—Without the sanction of the Superintendent, none shall be permitted to leave the premises or receive visitors during the hours of work. All idleness and disorderly conduct shall be punished by fine, and if persisted in, by dismissal: and all insubordination, or the use of improper language, shall be reported to the Managing Committee, the members of which shall inflict such punishment as they see fit.

9.—The smoking of tobacco, the use of intoxicating drinks, spitting on the floors, and carrying or using lucifer matches, are strictly prohibited.

10.—Those who are absent from work on account of ill health must send notice to the Superintendent on the first day of their illness.

11.—A register of the residences of the outmates will be kept by the Superintendent, to whom any change must be notified within the week after it has taken place.

12.—All the outmates will be required promptly to obey whatever orders may be given during working hours by the Superintendent, or by the Overlookers or Trade Teachers; but they will be at liberty to bring complaints or make communications to the Managing Committee.

13.—All fines for breaking these rules will be fixed by the Managing Committee, and be deducted from the wages of the person fined.

14.—The Superintendent shall keep a conduct book, in which a record of all offences will be kept, to enable the Committee to judge of the character of each individual.

15.—These rules shall be read to the Outmates by the Superintendent four times a year, viz :—the first Monday in February, May, August, and November.

16.—In the temporary absence of the Superintendent, the Trade Teachers shall have full authority to direct the outmates and the work then in hand.

17.—The Trade Teachers shall keep, in such form as may from time to time be required, an account of the time consumed, of the work done by each outmate, and of such other particulars as may at any time be deemed necessary by the Superintendent: and such Trade Teachers shall at all times be under the direction and authority of the Superintendent, in all things relating to their duties.

18.—No Outmate shall be permitted to leave the Institution without a fortnight's notice to the Superintendent, on pain of forfeiting a week's wages.

19.—The Superintendent is required to visit, as circumstances may admit, the homes of those blind persons who are employed as Outmates, and to inform himself as to their condition and habits, so as to enable him to report to the Committee thereon at least once a year.

## MRS. MARKHAM'S FUND FOR ASSISTING THE BLIND.

---

The late Mrs. Spencer Markham, who for many years had taken a deep interest in the Pupils of the Yorkshire School for the Blind, raised a fund in the year 1886, by means of Donations and Subscriptions from friends of the Blind in the County, for the purpose of aiding former pupils of the School to establish themselves in positions of independent industry.

This fund Mrs. Markham invested in the names of three Trustees, and during her lifetime, from the interest thereof and from annual subscriptions, she assisted in various ways many of the former pupils of the School. The present trustees of the Fund are the Very Rev. the Dean of York, the Right Rev. the Bishop of Beverley, and the Rev. Canon Machell.

In their Declaration of the Trust the Trustees state, "that the income shall be applied in behalf of the pupils who have been educated in the Yorkshire School for the Blind, and have gone home to follow the trade they have been taught, and earn a livelihood for themselves, in manner following :—

- 1st.—By providing apparatus, materials, or tools for those who cannot afford to buy them ; or,
- 2nd.—By making small grants of money, afterwards, to such of the pupils as are well reported of by the clergyman in whose parish he or she may reside, as a recognition in industrious habits and good conduct ; or
- 3rd.—By affording assistance in any case of sickness or accident.

The Trust Fund consists of £800 invested in the N.E.R. Preference Stock.

Applications for grants may be made to the Very Rev. The Dean of York, and forms for this purpose may be obtained from the Superintendent of the School.

## FREE SCHOLARSHIPS.

---

1. THE "PREST" SCHOLARSHIP, founded in 1852, in the City of York, by the friends of Mr. JOHN PREST, Treasurer of the School from 1840 to 1852, to commemorate his unwearied services rendered to the Charitable Institutions of York.
  2. THE "LLOYD" SCHOLARSHIP, founded in 1863, by Mrs. LLOYD, of Stockton Hall, near York, in memory of her late husband, Mr. GEORGE LLOYD.
  3. THE "TAYLOR" SCHOLARSHIP, founded in 1870, by the Governors, in memory of the Rev. WILLIAM TAYLOR, F.R.S., the first Superintendent of the School (from 1836 to 1845.) Mr. Taylor bequeathed a legacy of £500 to the School, and was the Inventor of the Arithmetic Board for the Blind known by his name.
- 

## THE MUNBY MEMORIAL FUND.

---

This Fund was established for the encouragement of the study of music amongst the pupils, in grateful remembrance of the valuable services of the late Mr. JOSEPH MUNBY, as honorary Secretary of this Institution from its foundation, A.D. 1833, to the year 1875. The Fund consists of £354 invested in North Eastern Railway Preference Stock, the income from which is devoted to the purpose above indicated.

## OUT-PUPILS' DEPARTMENT.

---

In the year 1883, at the celebration of the Jubilee of the Schools, a new Department was opened for the purpose of teaching handicrafts to such of the Blind, as losing their sight after 16 years of age, could not be admitted as inmates of the Institution. The Managing Committee are consequently prepared to teach Basket-making, Brush-making, or Mattress making to a limited number of such out-pupils, free of charge, whose friends provide board and lodgings for them in the City.

Four such Out-pupils have been taught, viz., three Basket-making and one Mattress-making, and have returned to their homes. Four are still at work in the School. Application forms may be had of the Superintendent.

## OUTMATES' BENEFIT CLUB.

A Sick Club, founded by the Outmates themselves, and managed by them and the Officers of the School. The funds, which are quite distinct from those of the School, and are in the charge of the Hon. Treasurer of the School, secure to each blind member a sum of 9s. per week in case of illness. As the number of Outmates is only 14, and their weekly contributions small, the Club cannot be expected to be self-supporting. Hence, donations to it will be a real help given to those who give good evidence of a desire to help themselves.

## *Industrial Home for Blind Women at Scarborough.*

The objects of the Home are two, namely :—

- 1.—To provide the comforts and protection of a Home, together with industrial employment for a limited number of former Female Pupils of the School.
- 2.—To give instruction in some handicraft to Blind Women, who, having lost their sight after the age of 16, are ineligible for admission into the School at York.

The inmates of the Home will remain in it during the pleasure of the Committee.

Inmates in ordinary circumstances will not be received over 40 years of age.

EMPLOYMENT—(1) The inmates shall take part in the domestic work of the house, as directed by the Housekeeper.

(2) They shall also be employed in such industrial work as they can do best, and is most profitable for the Home ;—and shall be paid by piece.

(3) During a certain number of fixed hours, as arranged by the Time Table, all inmates shall work in a room or rooms set apart for the purpose.

FOOD.—The Dietary shall be arranged by the Managing Committee, and may be varied within certain limits by the Housekeeper.

CLOTHING.—The inmates will provide their own clothing, which they will as far as possible mend for themselves.

RECREATION, &c.—During Recreation hours, as arranged by the Time Table, inmates may walk out—not less than two together.

## INFLAMMATION IN THE EYES OF INFANTS AS A CAUSE OF BLINDNESS.

THE MANAGING COMMITTEE OF THE WILBERFORCE SCHOOL FOR THE BLIND think that public attention needs to be called to this question in England, for they find that out of 89 pupils on the books of the School, 37 are stated to be blind from this cause ; and this proportion is probably not higher than in other similar institutions, for an eminent ophthalmic surgeon in London states that probably half the blindness in the country is due to the cause referred to.

The reason why so many have fallen victims to this disease, is not indeed, that the medical treatment of it was defective in times past, but it is rather due to the unpardonable indifference of the midwives and nurses, or others who have charge of infants in their earliest days, who, in many cases, prevent resort to skilled assistance in order to try some domestic remedies, until it is too late. The disease may, in some cases, appear in so mild a form, that without any treatment, or even in spite of unsuitable means, it may have a fortunate issue ; but in most cases it takes a more determined character, and then, if left to itself, it may develope with such rapidity, that in the course of a day or two the condition is quite hopeless.

A description of the disease and of its progress, however popularly written, would be of little use here, and would be understood only by a very few. It will be sufficient to remark that in general, newly-born children seldom suffer from any other eye disease, and the first appearance of this disease is easily recognisable, by the redness and swollen state of the inner skin of the eyelid, and by the discharge of a yellowish white matter. The main thing to be borne in mind here is, that this dangerous and ruinous disease may in most cases be cured, if, on the *first appearance* of this inflammation in the eyelids, *skilled advice is sought*. Until this can be obtained, nothing further need be done, except to keep the eye as clean as possible from the yellowish white matter, and for this purpose, warm water applications should be used, as often as there is any matter to wash away.

The following directions should be *carefully* followed. The cleansing of the eye is best done with small pieces of cotton wool, or, failing this, with soft linen rag. The eyelids should be carefully half opened, and cotton wool steeped in warm water, gently used in wiping away all matter both inside and out.

The warmth is best applied to the eyes by means of dry cotton wool, cut out about the size of a crown piece, and folded double. This should only be applied while the child is sleeping, and then should be removed every hour or two ; this wool ought not to be allowed to get saturated with moisture, as it often will do in the course of a short time. The eye, of course requires much watchful care and attention, but it must be borne in mind, that the question of sight or blindness, depends entirely in these cases on *perfect cleanliness, great care and attention*. If the matter discharged has a tendency to cause the eyelids to stick together, as often happens, then apply the very smallest quantity of the best and purest cod liver oil to the edges of the lids. It is almost unnecessary to say that fresh air and equable temperature in the sick room are very important, and that the eyes, while suffering from the disease, should be kept from all strong lights, and on no account should the cotton wool or rag be used a *second time*. The nurse or mother should always wash her own hands after she has attended to the eye of the child, as the matter is occasionally of a very infectious nature.

## SUGGESTIONS TO THE PARENTS AND FRIENDS OF BLIND CHILDREN.

---

1.—Blind children should not be kept at home all day long simply on account of their infirmity. It is much better for them to be sent to some school. This is now required by law; and a suitable school is within reach of every blind child. Even if they do not learn much, it will still be found that they derive no slight benefit from associating with other children, and from learning in school habits of attention and obedience. The very worst thing in regard to the education of a blind child which can befall it, is to be allowed to sit at home in a corner, and do nothing but talk and rock itself.

2.—It is not a very difficult matter for parents and friends of blind children to teach them the elements of their education. The alphabet may easily be taught them, and the girls may be taught plain knitting. It should always be borne in mind, that if these simple rudiments are learnt before the children are admitted, they will have all the more time for more important matters after their admission.

N.B.—An elementary Reading Book, containing the Alphabet &c., will be forwarded to any address in exchange for Twelve Stamps sent to the SUPERINTENDENT, School for the Blind, York.

3.—The foundation of habits of self-dependence may be laid at home. It is a most important branch of the education of the Blind to be taught to do all they possibly can for themselves. Encourage the child to become acquainted with all the parts of the house and the immediate neighbourhood, to go little errands, and to find things for itself; if it drops or loses anything, do not pick it up or seek for it, let the child do that for itself. Do not be too much afraid of its falling over, or knocking against anything which is not really dangerous; such little mishaps prove often very good teachers. Blind children should be taught to dress themselves, including the lacing of their shoes and boots, stays, &c., and the tying of all neckerchiefs, ties, strings, &c., blacking their boots and shoes, and, in the case of girls, dressing their hair.

4.—It will be found that blind children often acquire peculiar "tricks," shown in various motions of the head, hands, or bodies. Such habits are often the result of insufficient out-door exercise. They should be guarded against and checked. It is almost an impossibility to eradicate them after they have been indulged in for a few years, and in later life they have a very prejudicial effect.
